To,
The Traffic Manager
Mormugao Port Trust

Dear Sir,

Sub: Grant of permission for Issuance of Port Pass to under 18 year old child

I understand that the port rules do not allow the issuance of a port pass to any person below the age of 18, which are being framed to ensure the safety of underage persons who may be themselves may not be competent to look after their welfare in a industrial environment.

As my ward who is below 18 years has been invited by his close relative who is presently employed on a vessel which is expected / arrived into your good port's premises. I request you to kindly issue a port pass so that this underage person could meet with his close relative on board.

In this I Indemnify the Port from any consequences which may arise from this visit.

Furthermore, I take full responsibility to ensure the following:-

1. **My ward has been allowed to board the vessel by the vessels master.**
2. **I will ensure that my ward will directly board the vessel when allowed thru the port gate and will return directly thru the port gate once the visit is complete. This pass does not permit the holder to go around the port area.**
3. **I take full responsibility that my ward will not indulge in any unlawful activity whilst in the port area.**
4. **I will always accompany my ward thru out this visit and ensure that my ward's safety is never compromised. As I am solely responsible to ensure my ward's safety during his/her presence in the port area and whilst on board the vessel he or she is visiting.**

Thanking you,

_____
